GOVERNMENT OF ZAMBIA

STATUTORY INSTRUMENT NO. 8 OF 2026

The Fisheries Act
(Laws, Volume 12, Cap. 200)

The Fisheries (Management Area) (Declaration) Order, 2025

IN EXERCISE of powers contained in section 26 and 67 of the Fisheries Act, and in consultation with the Minister responsible for environmental protection and management, national heritage conservation and management and wildlife management, the Director and the local riparian community, the following Order is made:

Title

1. This Order may be cited as the Fisheries (Management Area) (Declaration) Order, 2025.

Declaration of Fisheries Management areas

2. The areas described in the Schedule are declared as Fisheries Management Areas.

Copies of this Statutory Instrument can be obtained from the Government Printer, P.O. Box 30136, 10101, Lusaka, Price K8.00 each

SCHEDULE
(Paragraph 2)

FISHERIES MANAGEMENT AREAS

TANGANYIKA - NSUMBU FMA

Starting at the international boundary northwest between Zambia and Democratic Republic of Congo having a coordinates 81° 29' 18.8196 S; 16° 37' 0.4908 E and runs eastwards approximately 21.344km where the Republic of Zambia, Democratic Republic of Congo and United Republic of Tanzania meet on the water at coordinate 81° 33' 35.1684 S; 17° 49' 12.2376 E; thence southwards on a straight line approximately 35.165km to the mouth of Lufubu river; thence Nsumbu National Park at the confluence of Lufubu river heading westwards, approximately 76.2km to Nsumbu town, thence northeast wards to Chisala stream approximately 2.8 km which spills into Lake Tanganyika; thence stretching to a distance of 8.4km to Munjela river which spills into Lake Tanganyika; approximately, 47km the distance from Nsumbu town to the point of starting between the international boundary (Zambia and the Democratic Republic of Congo).

WEST LUNGA FMA

Starting from where the Kabompo River enters Musele and Matebo Game Management Areas at coordinates of 12°20'32.14 S , 25°6'13.97 E the boundary thence runs southward for approximately 83.15km up to coordinates 12°58'46.28 S and 25°32'55.64 E which is the southeast corner of Matebo Game Management Area; thence turns westward to coordinates 13°17'89"S , 25° 05'12.5 E and flows for approximately 88km south-westward until Manyinga which forms the southwestern ward boundary of the Fisheries Management Area at coordinates 13°24'58.51 S , 24°19'35.24 E; thence moves northwards for approximately 115km to encompass Lukwakwa and Chibwika Game Management Areas within the Fisheries Management Area; thence eastwards back to coordinates 12°20'32.14 S , 25°6'13.97 E the entry point of the Kabompo River in Musele Game Management Area; Game Management Area and West Lunga National Park and joins the Kabompo at coordinates 13° 72'31"S, 24°39'26.49"E spanning a distance of approximately 93km; thence eastwards through Musele Matebo Game Management Area's at coordinates of 12°37'34.75"S, 25°27'50.07"E and joins the Kabompo River at coordinates 12°53'48.10"S, 25°0'59.78"E spanning a distance of approximately 56km; thence Mwafwe River eastward through Matebo Game Management Area at bearing of 12°42'30.44"S, 25°32'27.30"E and joins the Mwombezhi after approximately 23.8km.

LUMAMBA DAM FMA

Staring at the dam wall located at coordinates 13°11'47.76"S , 32°46'51.24"E extending south-west for a distance of approximately 0.218 km; thence southeast for a distance of approximately 1.05 km; thence north-east for a distance of approximately 0.065 km; thence north-west for a distance of approximately 0.764 km; thence northward for a distance of approximately 0.295 km; thence north-west approximately 0.05 km, thence south-west ward for approximately 0.191 km; thence southwards for approximately 0.042 km; reaching the starting point at the dam wall.

BIKOKO DAM FMA

Starting from the dam wall located at coordinates 40°50'67.5" S and 84°71'17.43E; thence south-west wards for approximately 0.033 km; thence north-east wards for approximately 0.52 km; thence southwards for approximately 0.74 km, thence south-east for approximately 0.026 km, thence north-east wards for approximately 0.003 km, thence north-west wards for approximately 0.263 km, thence northwards approximately 0.148 km; thence south-west wards for approximately 0.27 km; thence northwards for approximately 0.093 km; thence south-west wards approximately 0.323 km, reaching the starting point at the dam wall.

VUU DAM FMA

Starting from the dam wall located at coordinates 12°18'31.788" S and 33°14'15.395" E longitude; thence south-east wards for approximately 0.360 km; thence north-east wards for approximately 1.146 km; thence eastwards for approximately 0.320 km, thence northwards for a distance of

approximately 0.047 km. The boundary continues west for approximately 1.1197 km, then towards Northwest for approximately 0.771 km, and finally southwest for a distance of approximately 1.2291 km reaching the starting point at the dam wall.

Lusowe Dam FMA

Starting the dam wall located at coordinates 14°18’0" S and 31°16’44.399" E longitude thence south for approximately 0.233 km; thence south-east for approximately 0.529 km; thence northwest for approximately 0.533 km, thence south-west for approximately 0.406 km, thence north-west for approximately 0.283 km; thence south-west for approximately 0.276 km, reaching the starting point at the dam wall.

Tigone Dam FMA

Starting from the dam wall located at coordinates 12°16’2.712"S and 33°20’43.404"E; thence extends southward for approximately 0.149 km, thence goes north-eastward for approximately 0.029 km, thence south-eastward for approximately 0.387 km; thence eastward for approximately 0.122 km; thence north-westward for a distance of approximately 0.185 km; thence westwards for approximately 0.102 km; thence south-westward for approximately 0.107 km; thence northward for approximately 0.12 km, reaching the starting point at the dam wall.

Mapala Dam

Starting from the dam wall located at coordinates 13°20’27.96"S, and 32°50’17.159"E, thence south-westward for approximately 0.191 km; thence southward for approximately 0.043 km, thence north-east for approximately 0.374 km, thence north-westward for approximately 0.122 km; thence westward for approximately 0.44 km, thence north-westward for approximately 0.198 km, thence north-eastward for approximately 0.026 km, thence southward for approximately 0.182 km, reaching the starting point at the dam wall.

Nthambo Dam FMA

Starting from the dam wall located at coordinates 14°0’17.701" S and 31°52’13.62" E; extending southwest ward for approximately 0.175 km, thence southward for approximately 0.040 km, thence north-east ward for approximately 0.282 km, thence northward for approximately 0.361 km; thence westward for approximately 0.045 km, thence south-westward for approximately 0.394 km and finally goes southward for approximately 0.205 km, reaching the dam wall at the starting point.

Malipa Dam

Starting from the dam wall located at coordinate 28°36’34.1"S and 83° 99’ 888.3"E thence extends East for approximately 0.045km, thence goes North-East for a distance of approximately 0.15km reaching the coordinates 28°37’66.6"S latitude and 84°00’056.8"E ; thence south-westward for approximately 0.026km; thence north-westward for approximately 0.127km; thence north-eastward for approximately 0.012km to reach the other side of the dam wall; thence southward for approximately 0.52 km, reaching the starting point at the dam wall.

Rukuzye Dam

Starting at the dam wall located at coordinates 13°21’12.24"S and 32°48’35.28"E thence extending south-westward for approximately 0.218km, thence south-eastwards for approximately 1.05km; thence north-east for approximately 0.065km, thence north-westward for approximately 0.764km; thence northward for approximately 0.295km, thence north-westward for approximately 0.05km; thence south-westward for approximately 0.191km; thence southward for approximately 0.042km ; reaching the starting point at the dam wall.

CHIMWEMWE MAKUNGWE DAM

Staring from the dam wall located at coordinates 13°45’41.76"S and 32°26’21.48"E, extending south-westward for approximately 0.619km; thence eastward for approximately 0.107km northeast for approximately 0.376km thence north-westward for approximately 0.012km, thence continues northwards for approximately 0.107km; thence north-westward for approximately 0.45km; thence northward for approximately 0.076km; thence for approximately 0.191 km, reaching the starting point at the dam wall.

CHIAWA FMA

Starting at the International boundary between Zimbabwe and Zambia at coordinates -15° 43' 27.3066" S and 29° 20' 28.6506"E along the Lower Zambezi River and runs northwards for about 1km to the confluence of Chongwe-Zambezi River having a once again coordinate -15° 71’ 65.34"S and 29°33’93.35"E; thence westwards approximately 67 Km to the confluence of Lower Zambezi and Kafue River; thence westwards approximately 30Km to Chisakila at the Boat crossing point along Kafue River at coordinate 15° 42' 59.5218"S and 29° 20' 21.6054"E, thence southwards approximately 0.2Km at coordinates -15° 55' 8.364"S; 28° 41' 7.5042"E ,thence south-eastwards for approximately 30 Km to confluence of Lower Zambezi and Kafue River at coordinates -15° 56' 36.3726"S, 28° 54' 51.1704"E, thence eastwards to Kanyemba island at coordinates -15° 56' 48.1482"S and 28° 55' 40.4292"E for approximately 67 Km to starting point.

NAMOOMBA FMA

Starting from Kaponda stream 11km downstream from the Kariba Dam Wall at coordinates 16°26’52.8648"S and 28°48’59.7162"; thence northwards approximately 16.44km to where Shamunyonga stream meets the Zambezi River at coordinate 16°19’33.3438"S and 28°49’38.2578"E; thence eastwards to the midpoint of Lower Zambezi River at coordinates 16°19’28.1424"S and 28°49’39.0144"E; thence south-eastward from Namoomba village, to the entrance of the Namoomba gorge approximately 3.2km thence stretching for approximately 9.6km to Kaponda Stream at coordinates 16°27’1.4286"S and 28°490.7392"E which spills into Lower Zambezi.

P. C. KAPALA,
Minister of Fisheries and Livestock
